OBJECTIVE

B.Tech. CSE, 3rd year Student with experience in MERN , Basic JAVA and OOPS Concepts, seeking Web Developer Internship.

EDUCATION

B.Tech., Computer Science and Engineering, Gautam Buddha University, Greater Noida Expected 2025

12th, CBSE, Pragyan Public School, Jewar 2020 - 2021

10th, CBSE, Pragyan Public School, Jewar 2018 - 2019

SKILLS

Technical Skills	ReactJs, NodeJs, ExpressJs, EJS, MongoDB, Javascript, HTML5, CSS
Programming Skills	JAVA
Soft Skills	Communication, Continuous learning, Managing multiple tasks efficiently

PROJECTS

Income- Expenses Tracker: Developed Income-Expenses Tracker using Node.js, Express.js, and React.js, MongoDB. Implemented features for tracking financial transactions and generating insights. Demonstrated proficiency in full-stack web development and user interface implementation. ([Try it here](#))

Blog Web App: Designed and developed a dynamic Blog website using Node.js, Express.js, EJS, and MongoDB. Integrated CRUD operations to manage blog posts and user interactions effectively. Proficient in backend development, database management, and templating engines. ([Try it here](#))

Weather Web App: Created a dynamic Weather website utilizing React.js and Weatherbit API. Implemented features for real-time weather forecasts, data fetching and display, offering users accurate and up-to-date information. Demonstrated proficiency in frontend development and API integration. ([Try it here](#))

Todo List: As a React.js developer, I have designed and developed a dynamic Todo list web application aimed at simplifying task management and enhancing productivity. In this project, I utilized React.js to create a user-friendly front-end interface, enabling users to seamlessly add task. Leveraging React components and react Hooks, I ensured that the Todo list web application provides a smooth and efficient user experience, allowing users to stay organized and focused on their goals.
